THE ORIGINAL WOODCHIPPER

Since developing the world's first woodchipper in 1884, the **Jensen** brand has grown significantly and is now recognised globally for providing the largest range of chippers on the market – including PTO, trailed, tracked and custom solutions.

With over 140 years of experience, **Jensen** has played an important role in the development and innovation of woodchipping technology.

Jensen's high quality features make it the first choice for highway authorities, local government and the rail industry. With strong safety benefits and simple maintenance, it's also the preferred brand within forestry, agriculture and horticulture sectors.

Jensen - simply the original and best woodchipper!
